When Col. Morrison called up the Tariff, a hush instantly fell upon the house and noise in the galleries ceased. All eyes were turned upon him as he arose to say "Mr. Speaker, I move that the house resolve itself into committee of the whole for the purpose of considering revenue bills." The yeas and nays were then demanded and during the roll call absolute silence reigned in the hall, and many members with pencil in hand were figuring up the vote. Messrs. Mor rison and Randall were apparently the calmest men on the floor, each leaning back in his chair within a few feet of each other, while now and then a remark was exchanged between them. When it was announced that the motion was lost, there was applause on the Republican side. Mr. Morrison's proposition was voted down by the small majority of five this time, while last June it was defeated by seventeen.

The Senate's repeal of the Tenure of office act restores to the President the Republican officials.

The law was enacted when Congress was overwhelmingly Republican in both branches, to handicap the indein removing Republicans from office. As it was designed specially to fit Mr. Johnson's case, few Republicans had for Grant, but contended for the repeal of the act on constitutional grounds in ment with which we are compelled, in company with Morton and Sherman, fairness to the whole country, to tak Butler and Logan and other Republi- issue. The Most Effective and Popular Remedy Ever Discovered.

WHY IS IT SO EFFECTIVE IN SO MANY DIFFERENT DISEASES?

WHY one remedy can affect so many cases is this: The diseases have a common cause, and a remedy that can affect the cause, permanently cures all the diseases. Unlike any other organ in the body, the Kidney when diseased, may itself be free from pain, and the very fact that it is not painful leads many people to deny that it is diseased. But Medical Authorities agree that it can be far gone with disease and yet give forth no pain, because it has few if any nerves of sensation, and these are the only means of conveying the sense of pain; thus unconsciously diseased it affects the entire system. We do not open a thus unconsciously diseased it affects the entire system. We do not open a watch to see if it is going or is in good order: We look at the hands, or note the accuracy of its time. So we need not open the kidney to see if it is diseased. We study the condition of the system. Now then, KIDNEY DISEASE produces Any of the following Common and Unsuspected

SYMPTOMS: Back ache; Unusual desire to urinate at night; Fluttering and pain in the heart; Tired Feelings; Unusual amount of Concest Fresh in grant printed but and dry skin. Fields Appetite and the condition of th

Greasy Froth in water; Irritated, hot and dry skin; Fickle Appetite; Scaldthe Tariff and the Beck Railroad Atlantes I was relieved. I refused the torney bill. The latter measure of the Kentucky senator strikes at the railroad senators and members, and its aim as to prevent them from acting as attorneys for subsidizing railroad corfections; Yellowish pale skin, etc.

These are only the chief discreters or symptoms caused by a diseased condition of the kidneys. Now then, isn't it clear to you that the kidneys, being the cause of all these derangements, if they are restored to health by the great specific "Warner's SAFE Cure," the majority of the above allments will disappear? There is NO MYSTERY ABOUTIT. It does cure many bad states of the system precisely as we have indicated. Now when the kidneys are diseased, the allower the life property of the blood, escapes through their walls and pages. the albumen, the life property of the blood, escapes through their walls and passes away in the water, while the urea, the kidney poison, remains, and it is this kidney poison in the blood, that, circulating throughout the entire body, affects

every organ, and produces all the above symptoms.

Therefore, we say confidently that "Warner's SAFE Cure," is THE MOSTEFFECTIVE MEDICINE EVER DISCOVERED for the human race. It is the common remedy which, overcoming the common cause, removes the greatest possible number of crit effects from the system. Let us note a

CONSUMPTION. In a great many cases Consumption is only the effect of a diseased condition of the system and not an original disease; if the kidneys are inactive and there is any natural weakness in the lungs, the kidney poison attacks their substance and eventually they waste the kidney poison attacks their substance and eventually they waste away and are destroyed. Dip your finger in acid and it is burned. Wash the finger every day in acid and it soon becomes a festering sore and is eventually destroyed. The kidney poison acid in the blood has the same destructive effect upon the lungs: For this reason a person whose kidneys are alling will have grave attacks of Pneumonia in the Spring of the year, Lung fevers, Coughs, Cold, Bronchitis, Pleurisy, etc., at all seasons of the year. Rectify the action of the kidneys by "Warner's SAFE Cure," as many hundreds of thousands have done, and you will be surprised at the improvement in the condition of the lungs.

nave never urged it as a cure for disordered eye-sight, many persons have written us expressing surprise that after a thorough course of treatment with "Warner's SAFE Cure," their eye-sight has been vastly improved. In fact, one of the best occulists in the country says that half the patients that come to him with had eyes, upon examination he discovers are victims of kidney disorder. We have no doubt that the reason why so many people complain of failing eye-sight early in life, is that, all unconscious to themselves, their kidneys have been put to order for never so and the kidney poison is gradually neys have been out of order for years, and the kidney poison is gradually

OPIUM HABITS: It is a well-known fact recently shown anew, that opium, habits capture their victims by their paralyzing effects upon the kidneys and liver, in these organs the appetite is developed and sustained, and the best autherities state that the habits cannot be gotten rid of until the kidneys and liver are restored to perfect health. For this purpose, leading medical authorities, after a thorough examination of all claimants for the honor of being the only specific for those organs, have awarded the prize to "Warner's SAFE Cure."

uric soid, or kidney poison; in others, it is lithic acid, or liver poison. This acid condition is caused by inactivity of the kidneys and liver, false action of the stomack and food assimilating organs. It affects old people more than young people because the scid has been collecting in the system for years and finally the system becomes entirely acidified. These acids produce all the various forms of rheumatism. Warner's SAFE Cure's acting upon the went down, Enlargement of the Liver Subsided, action of the heart became subsided, action of the heart became alternating with the use of "W" share Cure" completes the work. s Safe Cure" completes the work.

FEMALE COMPLAINTS: What we have said about Congestion applies with particular force to the above complaints. They are as common as can be, and as every doctor can tell you most of them begin in this congestive condition of the system, which, not being regularly the blames of the Senate is brought extent. There are single states into before him. He at once begins to rant which you could drop Massachusetts alluded to but not described in a public print. Thousands have been perma-

BLOOD DISORDERS: It is not strange that so many, many people write us that since they have given themselves thorough treatment with "Warner's SAFE Cure" their thick and turgid blood, their heavy, blotched, irritable skin have disappeared under its potent influence. The heavy, blotched, irritable skin have disappeared under its potent influence. The kidney poison in the blood thickens it. It is not readily purified in the lungs, and the result is the impurities come out of the surface of the body, and if there is any local disease all the badness in the blood seems to collect there. Our experience justifies us in the statement that "Warner's SAFE Cure" is "the greatest blood purifier known." The treatment must be very thorough.

STOMACH DISCRIEGS: Many people complain more or less throughout the year with stomach disorders: Dyspensia. Indigestion, Waterbersh, heat and distress in the stomach, sharp pains, frequent aches, want of appetite, lack of energy. Now, these are exactly the conditions that will be produced in the stomach when the blood is filled with kidney poison:
